Expenses continue to trend favorably at 73% of the FY19 budget, whereas at this point in the year it would be expected to be at 83% of the budget. Driving categories continue to be personnel and e-books. John mentioned the reason e-book purchasing is down from expected is due to a training issue which has been remedied.

President Vaccarella introduced the idea that we should reduce the number of bank accounts by utilizing funds with designated named accounts for their actual expenses (e.g. Genealogy accounts to be used for the Ancestry membership or Technology Fund to upgrade computers, etc.).

Alex asked John about how the cookbook sales were doing. John stated he would email sales numbers to the board.

John said that after several attempts, he had not been able to get in contact with them, however, the puppets have since been replaced and the computer will be replaced soon.

John reported on the missing Empire Pass and stated that the individual has had a fine added to their library account for the lost pass. That pass is not being renewed.

MCLS is discussing whether or not to do auto-renewals.

**a. Budget:** Line item 6190 – State Aid has been budgeted at \$0 as John is not confident any aid from the State will be received next year. Linda asked about line item 6200 – Grant Income and whether there might be ways to obtain more grants. John stated that it was difficult to be awarded grants as creative ways to use the funds need to be applied but he would work on it.

President Vaccarella asked about line items 8065 – Equipment and 8265.1 – Hardware being projected to be higher than what was actually spent last year. John explained how old tables would need to be replaced and thus account for the increased costs.
