Another prize ...	Please help us by telling us exactly what you'd like to see for summer prizes, but remember: some prizes are out of the library's price range. We can't give everyone a pony!
You should have American Girl events!	We did! Check out our website for photos of our recent American Girl program. Be on the lookout for more next year!
In order to deal with the increased hold fees, offer an enhanced option for Friends of Ogden to pay an increased membership fee. We would do it!	This is an excellent suggestion, and we will pass it on to the Friends of the Library as they consider next year's membership applications.
I would like to see more books on CD from the historical fiction / romance / woman author genres. Thanks.	We try to select a wide variety of BOCDs, and we will take your requests into consideration. Please let us know if there are specific titles you're looking for.
